*See attached Master Eligibility List (MEL) No. SA271NW for list of approved airplane models and applicable airworthiness regulations.

Description of Type Design Change:

Modify air induction system to engine by removing filter assembly and reinstalling filter wire mesh screen in accordance with Kenmore Air Harbor, Inc. Installation Instructions No. K205.

Limitations and Conditions: The approval of this change in type design applies basically to the aircraft models listed on FAA Approved MEL No. SA271NW and should not be extended to other specific models of these airplanes on which other previously approved modifications are incorporated, unless it is determined that the inter-relationship will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate, Kenmore Air Harbor, Inc. Installation Instructions No. K205, and MEL No. SA271NW shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
